MANTIS PACKAGE

4 Days - 11 Dives

If you're looking to dive Bali's must-see spots in just 4 days, this package is ideal! Over 4 days and 11 dives, you'll experience Bali's classic dive highlights in a compact, travel-friendly format. You'll stay in Tulamben for the first two nights, diving the iconic Liberty wreck both day and night, then explore Amed's three stunning underwater environments. Next, challenge yourself with the sportier dives at Gili Mimpang and Tepekong, and cap it all off on the fourth day with encounters with majestic manta rays and—if it's the right season—the legendary Mola Mola (ocean sunfish)!

TULAMBEN

Day 1 : 3 Dives

- First Dive: Shore entry from the pebble beach to explore the iconic USS Liberty wreck, perfect for macro photography or wide-angle shots!

- Second Dive: Shore entry at the Tulamben Drop-off. Start on the black sand seabed to spot tiny critters and macro life, then dive along a stunning wall with giant sea fans. Look out for bumphead parrotfish, reef sharks, and more.

- Third Dive: Night dive on the Liberty wreck—see how it transforms under your flashlight's glow!
- Dinner at a local warung (Indonesian eatery; cost not included).

GILI MIMPANG/TEPEKONG

Day 3 : 2 Dives

- **Early Departure:** Leave after breakfast for Padang Bai (1-hour drive).
- **Arrival:** Check in at the dive base while your guide handles logistics at Padang Bai Beach.
- **Boat Transfer:** Sail to Gili Tepekong & Mimpang islands in a traditional outrigger boat (30-40 minutes).
- **First Dive:** Explore Gili Mimpang's rocky drop-off—spot reef sharks, Mola Mola (ocean sunfish), and other marine life.
- **Surface Break:** Relax on the boat with snacks, coffee, and tea.
- **Second Dive:** Dive Gili Tepekong's dramatic wall—discover shark nurseries, caves, and more adventurous terrain.
- **Return:** Head back to the dive base for lunch, then transfer to your hotel in Sanur.

For the Gili Mimpang and Gili Tepekong sites, you need to be at least Level 2 or Advanced Open Water. Your guide will be able to assess your level on the first two days and advise you whether it's better to dive Padang Bai instead of Gili Mimpang and Tepekong.

Useful Information :

We specialize in organizing your dives in Bali. Unlike our diving safaris, where everything is planned and included, our packages start and finish in South Bali.

If you arrive the day before, we can organize your airport pick-up and hotel accommodation before the formula. The same applies after the end of the diving package.

NUSA PENIDA

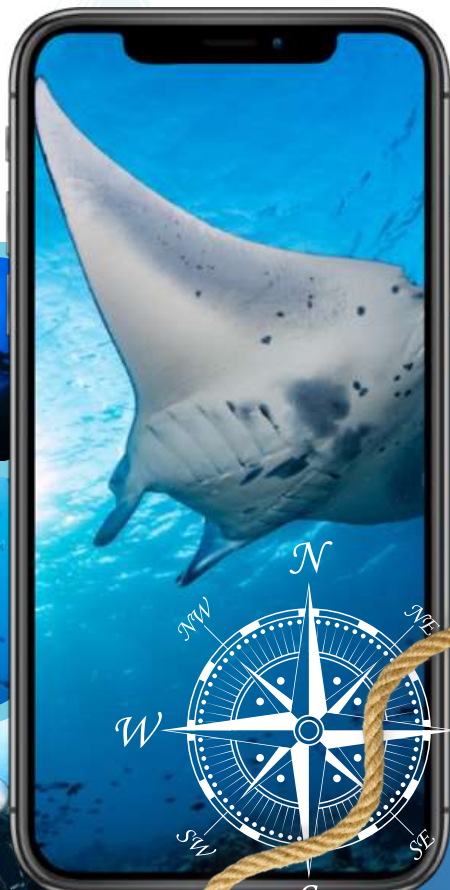

Day 4 : 3 Dives

- **Pick-up:** Transfer from your Sanur hotel to the Sanur dive center, then to Sanur Jetty in an air-conditioned vehicle (5-minute drive).
- **Boat Ride:** Board a speedboat to Nusa Penida (40-60 minutes, depending on sea conditions).
- **First Dive:** Dive Manta Point—swim with majestic manta rays at their cleaning station (an unforgettable highlight!).
- **Surface Break:** Stop at Crystal Bay; your guide will assess dive conditions.
- **Second Dive:** Explore Crystal Bay's crystal-clear (but chilly!) deep waters.
- **Lunch:** Enjoy a meal onboard the boat.

- **Return:** Transfer back to Sanur Dive Center, then to your hotel/villa (arrival around 4 PM; transfer cost not included).

Note: Dive sites are chosen based on daily sea conditions for safety and optimal experience.
